Educational Classes to Start.
For two weeks the association has been advertising classes. The registration is open until Tuesday night, April 11, and all who desire to study millinery, sewing, embroidery and Spanish must register by that time. It is necessary that this be attended to before the class work begins next week. Six are required for every class but there may be any number. Splendid teachers have been secured.

A membership contest was inaugurated last Tuesday night at the Y.

"Homey" Place for Two Ladies.
The association is having some rooms painted and papered. There are two vacancies now that are nice "homey" places for two young women. Many persons have the erroneous idea that the association is an expensive place to live. This is not true, there is nothing extravagant in town any cheaper and in fact not so cheap. Young women looking for rooms should call and see these rooms.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough remedy is made from loaf sugar and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has superior for colds, cough and whooping cough. For sale by all dealers.
